WHAT WE GATHER

Our store collects data to operate effectively and provide you the best experiences with our services. You provide some of this data directly, such as when you create a personal account. We get some of it by recording how you interact with our services by, for example, using technologies like cookies, and receiving error reports or usage data from software running on your device. We also obtain data

from third parties (including other companies). For example, we supplement the data we collect by purchasing demographic data from other companies. We also use services from other companies to help us determine a location based on your IP address in order to customize certain services to your location. The data we collect depends on the services and features you use.

PANEL MEMBER AGREEMENT

Our web site uses the data we collect for three basic purposes: to operate our business and provide (including improving and personalizing) the services we offer, to send communications, including promotional communications, and to display advertising. In carrying out these purposes, we combine data we collect through the various web site services you use to give you a more seamless, consistent and personalized experience. However, to enhance privacy, we have built in technological and procedural safeguards designed to prevent certain data combinations. For example, we store data we collect from you when you are unauthenticated (not signed in) separately from any account information that directly identifies you, such as your name, email address or phone number.
