Computer Science Engineering, B. Tech,
Malout Institute of Information and Technology, Malout (2019-2023)

Objective

I'm a results-driven and have good knowledge of full-stack development with a solid foundation in both front-end and back-end technologies. My experience enables me to deliver innovative and robust solutions, while my dedication to continuous learning keeps me updated with industry trends. I'm committed to providing optimal development outcomes that drive success.

EXPERIENCE

Chicmic Technology LLP/Feb 2023 – July 2023

Ruby on Rails: Used Ruby on Rails framework as a backend developer to create efficient and scalable web applications.

PHP Laravel: Employed PHP Laravel framework as a backend developer to build feature-rich and high-performing web applications.

EDUCATION

B. Tech, Computer Science and Engineering – 7.62 CGPA

Malout Institute of Management and Information Technology, Malout, Punjab (2019-2023)

Higher Secondary (10+2) UP Board – 84%

SKBM Adarsh Inter College, District- Pilibhit

Class 10th UP Board – 84%

Uma Sankar Inter College, Rampura, District- Pilibhit

TECHNICAL SKILLS

Programming languages – C++,PHP,RUBY, HTML, CSS, JavaScript, SQL, OOPS

Frameworks - Laravel, Ruby on Rails

Tools and Libraries – Git, Github, React JS

Data Structures and Algorithms

Operating Systems – Windows, Linux (Ubuntu)

Software tools – VSCode ,PgAdmin

PROJECTS

Event Planning App ↷

Developed the backend of an event planning application using Ruby on Rails, enabling seamless organization and management of events.

Ride share App ↷

Developed a Ruby on Rails backend for a user-friendly ride-sharing app, enabling users to easily book and publish rides.

Mi Store Clone ↷

A React.js-based Mi Store Clone that replicates the look and functionality of the official Mi Store website, providing users with a seamless shopping experience

Todo list ↷

Developed a robust and efficient to-do list application using Laravel, leveraging its powerful MVC architecture and built-in features for seamless task management and organization.

Digital Clock ↷

Developed a dynamic digital clock application using HTML, CSS, and JavaScript, displaying real-time updates, enhancing my proficiency in front-end web development.

ACHIEVEMENTS

- Virtual Experience Program at Accenture.
- College ambassodor at coding ninjas.

SOFT SKILLS

- Positive Attitude
- Problem Solving
- Work Ethic
- Leadership

INTEREST

- Watching Movies
- Bike Ridding
- Video Gaming
- music listioning
