Education

AFE BABALOLA UNIVERSITY, ADO EKITI, (ABUAD) Nigeria 2016-2021

Bachelor of Engineering (with Honours) in Mechanical Engineering.

Course Modules: Materials Handling Equipment, Heat and Mass Transfer, Energy Technology
Combustion Engineering, Machine Design, Metallurgy and Materials Engineering, Internal
Combustion Engines.

Classification: First Class Honours.

Research and Work Experience

Etopo Energy Plc, Nigeria 2020

Title: Intern

Improved on basic research skills including critical thinking & analysis, data interpretation, gathering more professional knowledge and skill on the oil servicing sector and perfecting my office-desk skill which includes utilizing a range of software, mainly based on creating and editing documents, spreadsheets, and presentation like LibreOffice, MS Word, Excel, and PowerPoint, and also AutoCAD. I performed numerous amounts of document editing and vetting.

AVEON Offshore Limited, Nigeria 2018

Title: Intern

I worked as an intern at this Oil servicing company for a few months as required course of SWEP (Student Work Experience Program) for Engineering students. I was able to gather a wide-range of professional knowledge and skill in the oil servicing sector, and perfect my office-desk skill which includes utilizing a range of software applications, mainly based on creating and editing documents, spreadsheets, and presentation like LibreOffice, MS Word, MS Excel, and PowerPoint, and CAD drawings via AutoCAD.

NAEME, Nigerian Army of Electrical and Mechanical Engineers 2021 - 2022

Title: Intern (NYSC Corper)

I worked as an intern at the 1020 div Workshop barracks for a whole year as a requirement for the NYSC service year program. I was able to gather a set of professional knowledge and skill in leadership and teamwork while working on several projects, such as; Changing and maintenance of vehicle parts-which included the super-structures of the trucks, painting of vehicles, workshop inventory management.
