## SUMMARY

---

I am a highly trained podiatric physician who seeks to join a team of healthcare professionals dedicated to providing and improving patient care through implementation of the best practices. Paying keen attention to details has allowed me to provide the best care to patients. Driven to communicate well, educate, establish and maintain strong rapport with patients and other medical professionals. I have extensive training in minimally invasive procedures, trauma, and reconstructive surgery to name a few, with the passion to continually learn new and current techniques/procedures.
