Objective

Seeking to join an energetic, dynamic organization where my experience as a consensus building problem solver can be leveraged to creatively increase productivity and improve accuracy in the company's modeling, analysis, and reporting processes

Experience

Q Investments, LP Fort Worth, TX

2008 – February 2020

Assistant Controller

2019 – February 2020

Supervised month-end and annual book closing process
Analyzed and reported monthly and annual results to Firm's CEO and COO
Collaborated with CFO, COO, and external auditors on reporting and test work for annual GAAP audit
Interviewed, hired, and supervised Firm's university intern team
Trained new hires in Financial Controls department and assisted with problem solving related to complex reorganization transactions

Financial Controls Analyst

2012 - 2019

Facilitated completion of year-end audit confirmation process within two weeks of fiscal year-end
Prepared US and Irish GAAP financial statements for aircraft leasing and lending structure
Prepared daily and monthly analyses of prime brokerage and swap availability for use by Firm's principals and executives
Designed and implemented *ad hoc* and recurring models, reports, and procedures to increase departmental efficiency and productivity
Coordinated settlement, accounting, and operations of credit derivative and total return swaps

Strategic Planning Analyst

2008 - 2012

Processed weekly accounts payable for hedge fund and management company
Prepared monthly and annual financial statements for various service entities related to aviation leasing and real estate investment entities
Oversaw operations of syndicated bank loan trade closing and accounting functions

Education

Bachelors of Science, Business Finance
Oral Roberts University

2004-2007

Summa Cum Laude
Presidential Scholarship Recipient

Skills

Extensive knowledge of US and Irish GAAP related to alternative investment vehicles
Proficient with Microsoft Excel and Word
Knowledgeable in MS SQL queries and databases
