Critical Thinking

Patient Management

Effective Communication

Teamwork

PROFILE

Passionate fourth-year dental student seeking opportunities to apply clinical knowledge and skills gained during dental school training to provide exceptional patient care and contribute to a dental practice's success.

EXPERIENCE

Urgent Care After Hours Clinician

Saint Louis Dental Center 2022-2023

Triaged patients, diagnosed teeth, wrote referrals, extracted teeth, treated dry sockets, managed swellings (local and systemic), and created symptom management plans for patients in an underserved area.

Jewelry Maker / Business Owner

Sapphire Clay Co. 2020-Present

Designed and created polymer clay earrings. Sourced high quality materials. Established an online presence by creating an online shop, daily posts, and videos. Offered superior customer service by following up with customers about their product after delivery. Managed inventory to ensure adequate quantity of earrings were available for each monthly launch.

Dental Assistant

Dr. Jay Joseph, DDS 2019-2020

Provided chairside assistance to the dentist during patient treatments. Sterilized instruments and maintained a clean and organized workspace. Assisted in patient education and post-operative care instructions.
