## EDUCATION

---

<b>Internal Medicine Residency</b> <i>New York Presbyterian/Weill Cornell Medicine – Brooklyn Methodist Hospital</i> Brooklyn, NY, USA	<b>9/2021 - 9/2023</b>
<b>Transitional Year Residency</b> <i>Campbell University/Harnett Health Program</i> Dunn, NC, USA	<b>6/2020 - 8/2021</b>
<b>Medical Program Degree (M.D.)</b> <i>American University of Antigua College of Medicine</i> Coolidge, Antigua and Barbuda	<b>2/2013 - 9/2019</b>
<b>Seton Hall University</b> Bachelor of Science in Biology	<b>9/2006 - 5/2012</b>

## LICENSURE AND CERTIFICATION

---

<b>American Board of Internal Medicine - Board Eligible</b>	<b>Present</b>
<b>American Heart Association - Basic Life Support</b>	<b>Expires 2024</b>
<b>American Heart Association - Advanced Cardiac Life Support</b>	<b>Expires 2024</b>

## CLINICAL EXPERIENCE

---

### **EMR and EHR Proficiency**

*Epic, Cerner, Allscripts, Meditech*

### **Leader of the Stroke Team**

*Primary evaluator and point of contact for stroke code patients with the responsibility to stabilize the patient until they reach a monitored unit.*

*Performed under the supervision of the Attending Neurologist.*

### **Chief Resident of Ambulatory Medicine Clinic**

*Coordination and supervision of Medical Residents for medicine, subspecialty, and neurology patients. Ensuring proper disposition if a higher level of care is indicated.*

*Optimization of patient experience.*

### **Medical Admitting Resident**

*Admitted over 200 patients requiring acute care. Managed over 2,000 patients during residency.*

### **Medical Triage Resident**

*Coordination and proper disposition of all medicine patients considered for admission from the Emergency Department.*

*Primary contact for all critical labs for inpatient and outpatient findings in Internal Medicine.*

*Coordination of transfers to medicine from different specialties.*

### **Code Caption**

*Evaluation, implementation, and coordination of all ACLS and BLS measures for acute cardiac and respiratory arrest patients.*

### **Certification in Medical Procedures**

**Phlebotomy, Arterial Blood Gas, Peripheral IV access, Central Venous access, Dialysis Catheter placement, Arterial Line placement, Paracentesis, Lumbar Puncture, Laceration Repair, Incision and drainage of uncomplicated abscesses.** Extensive experience in performing the aforementioned procedures under ultrasound guidance.

POCUS assessment for volume status, right heart strain and cardiac function, pleural effusions, and pulmonary consolidations.

Additional procedures with limited experience: Intubation, digital nerve block, and thoracentesis.

Assisted procedures with clinical understanding; Pigtail Chest Tube Placement, Echocardiography (with a review of echocardiograms under the supervision of the renowned Cardiologist Dr. Gila Perk, MD)

## **RESEARCH**

---

### **Researcher in Environmental Toxicology**

**1/2012 - 7/2013**

*Lab Research concerning the effects of the British Petroleum oil spill on aquatic life and water quality; supervised by the Chair of the Biology Department & Professor of Environmental Toxicology.*

### **Researcher in Microbiology and Multi-Drug Resistance**

**9/2011 - 7/2013**

*Lab Research concerning the effects of various spices and natural extracts on inhibiting bacterial replication and pathogenesis. Application of combinatorial treatment of natural extracts and antibiotics in a search for potential synergistic properties; supervised by associate Professor of Microbiology.*

## **PRESENTATIONS/PUBLICATIONS**

---

### **Gender Difference in Cardiology Symposium**

**2/2021**

*"Not All Arcades are Games": A Teaching Case Presentation on Mitral Arcade in a Women of Childbearing Age and a Review of Treatment Options and Gender Specific Considerations.*

*New York Presbyterian/Weill Cornell Medicine – Brooklyn Methodist Hospital*

**4<sup>th</sup> Annual Campbell University Regional Research and Education Symposium 2/2021**

*A Case Report of Iatrogenic Pulmonary Artery Injury due to Pigtail Chest-Tube Insertion in a Patient with Post-Operative Pleural Effusion*

*Campbell University/Harnett Health Program*

**Publication: Primary Author**

**4/2018**

*Rohail Malik, Adil Sarfraz, Raihan Faroqui, William Onyebeke, Jeffrey Wanerman. Extremely Preterm (23 Weeks) Vaginal Cephalic Delivery En Caul and Subsequent Postpartum Intraventricular Hemorrhage and Respiratory Distress: A Teaching Case. Case reports in Obstetrics and Gynecology. 2018, Apr; 2018(2018): 3.*

---

**AWARDS**

**1<sup>st</sup> Place Winner**

**3/2022**

**Gender Difference in Cardiology Symposium**

*New York Presbyterian/Weill Cornell Medicine – Brooklyn Methodist Hospital*

*Brooklyn, NY, USA*

**2<sup>nd</sup> Place Winner**

**4/2012**

**Annual Biological Sciences Symposium**

*Seton Hall University*

*South Orange, NJ, United States of America*

---

**EMPLOYMENT**

**Owner/Manager**

**12/2010 - 8/2012**

**Papa's Chicken & Grill**

*2 Locations: Staten Island and Brooklyn, NY, United States of America*

*Responsibilities included hiring, training, and management of staff, bookkeeping, inventory control, kitchen safety techniques, and health standards.*
