Professional Summary

Fifteen years of experience as a healthcare professional, taking care of both the adult and pediatric populations. More than twenty years of study and improvement in the health sector. Extensive knowledge in nursing and medical care. Specialist in Primary Care and Urgent Care, as well as diagnosing and treating acute and chronic diseases. First degree specialist in Plastic Surgery and Aesthetic Medicine. Broad domain of surgical and non-invasive procedures, techniques, and skills. Varied training in managing emergencies and supporting critical patients. Expert in trauma management, pre-surgical management, and post-surgical management with extensive perioperative care education.

Master's in emergencies and Master's of Sciences in nursing. Passionate bilingual Family practitioner and Doctor in Medicine graduated abroad with two specializations. Involved in leadership, education, and training for many years. Proud healthcare provider, devoted to taking care of people. Experience in teaching undergraduate and postgraduate medicine and nurse students. I prioritize offering quality care, enjoying my job, and improving professionally.
