Career Profile

Highly experienced and strategic design/I.T specialist with a strong track record of over five years in freelance and corporate roles. Skilled in effectively managing design and I.T projects using innovative digital and creative strategies to drive sales, campaigns, and overall productivity. Well-versed in creating captivating user experiences, developing brand identities, solving design problems, and delivering exceptional results. My diverse background in working with various local and international brands makes me an ideal candidate for this role. Some notable projects include:

- *Creation of brand identity and guidelines for Hollywood actor, Christian Dixon's wellness program*
 - *Creating social media design guidelines for Nigerian award-winning cereal producer, Colourful Giggles*
 - *Sports foundation identity design for ex-president Goodluck Jonathan's sports foundation etc.*
-
