89b Telegraph Rd 403 Middleport, NY 14105

### Summary

Devoted and meticulous annotator with a history of producing excellent annotated data for machine learning initiatives. With a sharp eye for detail and a thorough knowledge of annotation tools and techniques, I am skilled at working with cross-functional teams to make sure projects are successful. I'm looking to use my knowledge of data annotation to support cutting-edge AI projects.

### Experience

#### e2f Inc.

United State

#### Freelance

02/2023 – Till Date

- Executed image annotation tasks in alignment with project specifications using Labelbox and V7 annotation tools.
- Ensured precise and uniform image labeling to uphold stringent quality benchmarks.
- Worked closely with colleagues to rectify annotation inconsistencies, thereby enhancing workflow efficiency.
- Offered valuable feedback and proposed enhancements to streamline the annotation procedures.

#### TELUS International

United State

#### Image Annotator

10/2022 - 11/2024

Using bounding box and polygon.

- Utilized expertise in image annotation to label and categorize images for various clients, ensuring high-quality output and meeting project deadlines.
- Developed skills in utilizing specialized annotation tools and software, such as labeling platforms and image editing software, to efficiently annotate images.
- Consistently delivered high-quality annotations by carefully reviewing and labeling images, ensuring accuracy and attention to detail.
- Worked effectively with team members to annotate large datasets, shared knowledge and best practices, and communicated with project managers to ensure timely completion of projects.
- Demonstrated ability to quickly learn and adapt to new annotation guidelines, protocols, and tools, ensuring seamless transition and high-quality output.

#### TELUS International

United State

#### Video Annotator

08/2019 - 11/2021

Bounding Box round image

- Annotated 10,000+ video frames with bounding boxes and classifications.
- Utilized expertise in object detection to accurately label objects in videos.
- Collaborated with team to achieve 99% annotation accuracy and meet project deadlines.
- Proficiently used annotation tools, such as CVAT and Labelbox.
- Adapted to client-specific guidelines and protocols for video annotation.

#### CROWD COMPUTE- Freelance

United State

#### Labeler

12/2020 - 06/2022

- Collaborated with AI research teams to develop and refine Large Language Models (LLMs).
- Analyzed linguistic data to enhance AI language understanding and generation.

- Created and edited high-quality content for AI training and user documentation.
- Utilized linguistic tools to annotate and process language data.

CONTENT WRITER- Freelance

United State

02/2019 - 12/2022

- Produced engaging articles, blog posts, and web content for various clients in technology, education, and lifestyle sectors.
- Conducted thorough research to ensure accuracy and relevance of content.
- Optimized content for SEO to increase web traffic and user engagement.
- Managed multiple projects simultaneously, meeting tight deadlines.

TRANSPARENT

United State

01/2017

- Video Annotator
- Managed text labeling and annotation duties utilizing Label Studio and Doccano platforms.
  - Upheld stringent standards of accuracy and quality in text data labeling for machine learning models.
  - Collaborated with data scientists and engineers to refine labeling methodologies, enhancing model efficacy.
  - Engaged in ongoing training sessions to refine annotation proficiency and stay abreast of industry standards

Education

---

State University of New York Cortland NY

Information and Technology

2012 - 2018

Skills

---

Video Annotation {bounding box and Polygon} Annotation Tools Data labelling ·Accuracy Communication · Attention to detail Problem Solving.

## Certification

---

- 1.Certified Data Annotation Professional (CDAP)
- 2.Annotation Tool Proficiency: Labeling, CVAT, VGG
- 3.Image Annotator Machine Learning Fundamentals Certification.
