## LEADERSHIP/CLINICAL EXPERIENCES

- ADVANCED PRACTICE REGISTERED NURSE  
Currently working as an APRN in an outpatient ambulatory pediatric clinic. Daily functions include utilizing the nursing process: assessment, diagnosis, planning, implementation, and evaluation of patients. Work within a clinical care team to ensure the best patient care is achieved.
- ADVANCED PRACTICE REGISTERED NURSE  
Managed the daily function and flow of a COVID vaccination clinic. Worked on the front line at a COVID testing site.
- WORKING TEAM LEADER  
Responsible for directing and managing a team of healthcare professionals; including registered nurses, patient care assistants, health unit coordinators, and support staff. Accountable for evaluations, coaching, and the overall workflow and safety of the department.
- REGISTERED NURSE  
Obtaining medical histories, conducting assessments and administering medications through the appropriate route. Monitoring patient health status and collaborating with other medical professionals to optimize the patient care experience and minimize recovery time. Conduct and aid in diagnostic testing through lab draws, straight catheterizations, and other means of specimen collection. Conduct medical procedures; such as NG tube placement, G-tube feeds, foley

placement, wound care, irrigations, and other miscellaneous procedures. Experience in Pediatrics, Pediatric ICU, Neonatal ICU, Pediatric ER, and Mother Baby – Postpartum care.

- **BUSINESS OWNER/OPERATOR**  
Responsible for the development and growth of a new business. Hiring staff, coordinating training, and maintaining education and state required documentation on both the staff and the children registered at the center. Accountable for all business related interactions with governing facilities and overall functions and transactions of the business. Responsible for the safety and care for up to 63 children and 10-12 staff members.
- **CLINICAL ADJUNCT/INSTRUCTOR**  
Assisted nursing students following the registered nurse program at Polk State College. Instructed and guided students on procedures, medication administration, disease processes, and clinical inquiries.

#### CLINICAL EXPERIENCES

2016 – 2018

- **USF CLINICALS**  
Direct patient care, including collecting histories, conducting physical exams, formulating diagnoses, and developing a plan of care to include medications, diagnostic procedures and/or therapies needed to improve the patient's well being.
