WORK EXPERIENCE

Frankly Royal View Ltd

Mid level | Creative Head France, France 2022-01-01 | 2022-12-01

Here I worked as a Remote Creative Director.

I functioned as a Digital Marketer, Video Editor, Content Writer, Script Writer and Website Manager.

It was a new company trying to gain its ground in the Real Estate Industry here in Nigeria and it already doing well in FRANCE. So i was employed to carry out all that is needed to kick start the business in terms of Creatives to give it a professional direction after which they would employ more hands to maintain the Brand Language.

It was draining at a time I must say, but i enjoyed the fact that i had to explore all these skill set at some point and i really like the fact that they were patient with me enough to deliver excellently

The brand is in the UK so a level of professionalism and sense is needed making sure all creatives meets International Standards and I am happy not to fall short in anyway. Jumia

Entry level | ICT Lagos , Nigeria 2019-11-01 | 2020-12-01

I worked as a Bar Code Generator.

Basically all that was expected for me was to Create & Generate Jumia's product barcode from a personalized website where the "product size, spec, price, duration or how to use a product' is already installed in the barcode.

So after generating the barcode, I place them on all the products selected to me for that day.

This was a wonderful experience as I learned new skills and added to my knowledge.
