HIGHLIGHTS AND ACHEIVEMENTS DURING RESIDENCY TRAINING

Clinical Practice guideline for Alcohol Withdrawal Syndrome: Led to form a multidisciplinary team comprising members of detox unit, ICU attending and pharmacist to improve and formulate an evidence based clinical practice guidelines for the treatment of alcohol withdrawal syndrome for our hospital, which is currently in a draft form.

Proficiency in Acute Patient Care: Delivered comprehensive care to a diverse range of patients, addressing acute medical needs across various clinical settings. This included managing patients on general floors, in the ICU, and those with complex medical conditions.

Effective Multidisciplinary Care: Collaborated closely with multidisciplinary teams to ensure the optimal care of patients, demonstrating adaptability in addressing various medical conditions and coordinating treatment plans.

Enhanced Medical Student Teaching Experience and Task Force Involvement: Played a pivotal role in the Medical Student Education Task Force, where I actively worked towards improving the learning experience for medical students. Formulated and implemented guidelines that enhanced the teaching environment, resulting in a more productive and engaging experience for students.

Academic poster presentation: Successfully presented two posters at the ACP (American College of Physicians) RI 2022 and 2023 chapters.
