EMPLOYMENT

Bloom Health Centers
Psychiatric Physician Assistant

Arlington, VA

(05/01/2023 to 10/31/2023)

- Completed both in-person and virtual comprehensive psychiatric assessments, psychotherapy, and individualized medication treatment plans for patients from ages five to sixty-five.
- Obtained vitals for all in-person patient appointments.
- Cultivated relationships with patients, family members and guardians, as appropriate, discussing avenues to help improve overall health such as non-medical techniques to help alleviate symptoms of anxiety and depression.
- Effectively managed daily charting for each patient.

Mary Washington Behavioral Health
(Formerly known as Gaertner Psychiatric, PC)
Psychiatric Physician Assistant

Fredericksburg, VA

(05/15/2019 to 04/14/2023)

- Experience and proficiency using telepsychiatry platform.
- Excellent work knowledge of behavioral medicine and treatment for mental health conditions, and the ability to make quick and accurate clinical assessments.
- Developed appropriate management/treatment plans and monitor patients to determine efficacy and potential side effects of medications.
- Collaborated closely with treatment team, including clinical staff, external resources, such as school or community personnel, to appropriately coordinate client care services.
- Completed all necessary clinical documentation in an accurate and timely manner.

Family Behavioral Services
Locum Psychiatric Physician Assistant

Hyattsville, MD

(01/03/19 to 02/14/19)

- Utilized previously acquired knowledge, experience, and skills in the diagnosis of a broad range of psychiatric cases.
- Administered treatments, including injectable psychotropics, for mentally ill patients with varying natures and degrees of mental disorders in an outpatient setting.
- Monitored patient's prescribed psychotropic medications to assess the medications' effectiveness and side effects.
- Developed clinical interviewing skills to facilitate a therapeutic relationship with clients including individuals, couples, families, children, adolescents, and adults.

TEAMCare Behavioral Health LLC
Psychiatric Physician Assistant

Lancaster, PA

(10/16/17 to 11/13/18)

- Performed an initial, 60-minute comprehensive psychiatric evaluation in patients ranging from age three to seventy-five.
- Completed 15-minute medication checks, and provided appropriate follow up treatment plans and medication management.
- Ordered and interpreted diagnostic tests, and reviewed results with patients to discuss treatment plan.
- Referred patients for wrap around services, such as Behavioral Health Rehabilitation Services, Community Based Outpatient Therapy, and Intensive Outpatient Programs.
