Certified Nursing Assistant • Guntersville, Alabama

10/2019 - Present

My main role is to provide basic care to patients, as well as assist them in daily activities they might have trouble with on their own, such as bathing, I also conduct vital signs on residents. I also deal with feeding the residents and conduct visitation and Facetime when visits are limited. I have phenomenal communication skills and bring all of the patient concerns and issues to the acting supervisor.

I train new Certified Nursing assistant out of the class to prepare them for the floor. I perform other duties as assigned.
