Summary

I specialize in backend-focused web development, leveraging my skills to create well-designed, efficient code and seamlessly integrate data from various back-end services and databases. While proficient in frontend technologies such as HTML, CSS, Bootstrap, and JavaScript, my primary focus is on the backend. My expertise includes working with relational database systems, Object Oriented Programming, and web application development, along with staying updated on emerging technologies.

My Skills:

Backend Development:

Python, Django, Wagtail CMS

PHP, Laravel, WordPress,

MySQL, PostgreSQL

Frontend Development:

HTML, CSS, Bootstrap, Tailwind CSS, JavaScript

Version Control:

Git
