Initial contact with Dr. Parveen Khurshid:

Dr. Khurshid is an Internal Medicine Physician with nearly 40 years' experience looking to start a new position anytime. She has worked abroad for the last 6 years before returning to the US to seek a new opportunity. Dr. Khurshid is interested in a Dayshift, Part-Time, Locum or Per Diem position, however if the opportunity was in her current City, she would consider a Full-Time position.

At this point in her job search, Dr. Khurshid is interested in Private Practice or Hospital Employed opportunities.

Dr. Khurshid feels what sets her apart as a provider is her excellent patient care. She states that her patients are everything, medicine is her passion, and she enjoys seeing her patients get better in the field of Internal Medicine/Hospitalist.

She is experienced with the following EMRs:

-Meditech

A potential deal-breaker in an opportunity would be if it required night shifts or was for a Nocturnist position.

Dr. Khurshid is ready to begin interviewing with employers and currently needs 3 days' notice prior to a formal interview to adjust her schedule. She is available for preliminary interviews via Skype or FaceTime.
