inDepth Interview

Interviewer: Interview Date: 1/28/2019

Interview 1/28/2019

Modified:

Initial contact with Dr. Aswin Kansakar:

Dr. Kansakar will complete his Internal Medicine Residency in June of 2020. He is interested in Full-Time Internal Medicine opportunities, that can accommodate his J1 Visa, beginning as early as July 2020.

At this point in his job search, Dr. Kansakar is interested in Hospital Employed or Private Practice opportunities. He is flexible in terms of Group size. Dr. Kansakar enjoys all aspects of Internal Medicine and is interested in:

- university-affiliated practices
- endocrinology

He would ideally prefer a mainly outpatient based practice with some inpatient responsibilities, but he is open to 100% outpatient practices. He is experienced with the following EMRs:

- Epic

He is flexible in terms of schedule. In addition to English, Dr. Kansakar speaks Hindi, Nepali, Urdu and Newari.

Geographically, Dr. Kansakar is open to opportunities nationwide. His wife will still have one year of Internal Medicine residency left by the time he finishes, so he is ideally looking for opportunities near Evanston. However, he would be open to relocating since securing a J1 waiver is his most important goal. He would also be willing to look at university settings anywhere in the United States and would consider moving for a good academic-affiliated position over staying in Evanston for a non-academic one. In his free time, Dr. Kansakar enjoys:

- ice skating
- playing ping pong
- hiking

Dr. Kansakar is ready to begin interviewing with employers and currently needs 1 month's notice prior to a formal interview to adjust his schedule. He is available for preliminary interviews via FaceTime. Dr. Kansakar does have his formal CV up to date and it is available from him upon request.
