inDepth Interview

Interviewer: Interview Date: 12/8/2014
 Interview 12/8/2014
 Modified:

Initial Contact with Dr. Sriranjani Bajjuri: She will finish her Internal Medicine Residency in June of 2015; however, she would like to take a little time off and start in October. Dr. Bajjuri stated that the start date is definitely negotiable and that she can start earlier if needed. She is looking at both employed and partnership track positions. Dr. Bajjuri has no preference for multi-specialty or single-specialty groups, or the size of the group. She would like to do all Outpatient in her practice with a special interest in Preventative Medicine and Chronic Illnesses. Dr. Bajjuri is open to academic positions and would prefer just teaching and seeing patients and no research. She can also supervise the mid-level providers in her practice. Dr. Bajjuri can speak Hindi, Telugu and English languages fluently.

Dr. Bajjuri is married and has two children, ages five and one year old. She didn't want to list her husband's name at this time and his job is flexible and wouldn't be a factor in her job search. Dr. Bajjuri and her husband do not have family in the US. She is looking for opportunities in the following areas:

- North Carolina
- Texas

Dr. Bajjuri is looking in North Carolina and Texas because she lived in Dallas and Houston previously, and she also likes North Carolina because there are good options for employment and she likes the culture and school systems. She would like to be within an hour of the larger cities in these two states. Dr. Bajjuri would like a community that has good schools and good day care centers for her children. She enjoys the following activities in her spare time:

- Dining at different ethnic restaurants
- Cultural activities/events
- Spending time with her Family

Dr. Bajjuri is ready to start interviewing now and will need one week notice prior to her interviews in order to make schedule and travel arrangements. She is available to interview via Skype or Face Time if that is an option. Dr. Bajjuri can also receive Text Messages. She has already registered with the FCVS and is in the process of applying for her Texas license. Dr. Bajjuri's formal CV is up to date and ready for review from her upon request.
