OBJECTIVE STATEMENT

To obtain a challenging position as an Economist that will allow me to utilize my analytical skills and knowledge to contribute to the organization's growth and success.

SUMMARY

I am a highly motivated and experienced Economist with a B.sc in Economics and over 4 years of experience in conducting research, analyzing data, and providing insights and recommendations to businesses and organizations. I have a proven record of delivering successful projects in economic indicators, forecasting, and policy analysis. I am proficient in handling complex statistical and econometric models and have excellent communication skills.
