## Summary

---

I am a Food Science and Technology graduate with excellent writing, research, and transcription skills. I have experience in content writing, ghostwriting, research making, and creative writing. I have also worked for Anglo Writing Hub as a freelance writer, where I honed my writing skills and gained valuable experience.

## Experience

---

**Anglo Writing Hub (Contract copywriter)**

- Write high-quality, original, and engaging content for clients
- Conduct extensive research to produce informative and accurate content
- Edit and proofread content to ensure accuracy, clarity, and consistency
- Meet deadlines and deliver quality work

**Research Assistant**

- Conducted research on the evaluation of food products
- Assisted in preparing and analyzing food samples
- Collected and analyzed data using statistical software
- Assisted in writing research reports
- Assisted in collecting, sorting, and distributing food donations

**WriterGig (Contract writer)**

- Write and edit articles, blog posts for a variety of clients in industries including healthcare and technology.
- Conduct research and interviews to develop engaging and informative content.
- Collaborate with clients and team members to ensure content meets their specific needs and objectives.
- Adhere to strict deadlines and maintain a high level of quality in all work produced

**Opera News (News writer)**

- Write and publish news articles on a regular basis covering various aspects of the opera industry including performances and new releases
- Collaborate with editors and other team members to ensure timely and high-quality content production
- Keep up-to-date with industry news and trends
