PSYCHIATRIC NURSE PRACTITIONER EXPERIENCE

NURSE PRACTITIONER & THERAPIST: OUTPATIENT PSYCHIATRY PRACTICE

Calm Clarity Mental Health – Centennial, CO

Denver Wellness Associates – Denver, CO

04/2016 – PRESENT

11/2016 – 06/2018

Provide high quality mental healthcare through integrated medical and psychological assessment. Congruent with clinical evidence and client-centered care, incorporate psychotherapy as the central treatment strategy.

Independently assess and treat adolescents and adults with a wide range of acute and chronic conditions. Common clinical issues include unipolar & bipolar depression, anxiety disorders (GAD, Social Anxiety, OCD, Phobias), Trauma (Acute Stress Reaction, Complex Trauma, PTSD, etc), ADHD, Autism Spectrum Disorder, Eating Disorders (AN, BN, Orthorexia, Binge Eating Disorder, etc), Sleep Disorders, Substance Use Disorders, Borderline Personality, Attachment Disorders, and others.

Prescribe and monitor appropriate medications, including controlled substances (Schedule II-V). Administer and interpret psychiatric assessment instruments as indicated. Order and interpret diagnostic tests, including pharmacogenomic testing. Work with clients to plan and manage mental health related leave of absence and accommodations for school and work. Provide mental health assessment and documentation for legal proceedings, program participation, and international travel.

Employ interdisciplinary and interprofessional collaboration according to the plan of care and the client's best interests identified in partnership with the client. Deliver care in person and remotely through HIPAA-compliant telemedicine platforms.

INTEGRATED MEDICAL & MENTAL HEALTH EXPERIENCE

NURSE PRACTITIONER: ACUTE PSYCHIATRIC CARE CAMPUS

AllHealth Network – Littleton, CO

01/2015 – 10/2016

Assess and manage medical issues for adults receiving psychiatric care at the Bridge House Acute Treatment Unit or the Crisis Stabilization Unit at the Acute Care Campus. Provide medical consultation for the onsite Walk-in Crisis Center, as well. Perform physical examinations for admitted clients to assess acute and chronic health conditions. Order appropriate medications, lab tests, and diagnostic tests. Deliver integrated medical and mental health care to clients through partnership with therapists, case managers, nurses, and milieu counselors.

NURSE PRACTITIONER: URGENT CARE AND PRIMARY CARE

The Healthcare Clinic at Walgreens – Highlands Ranch, CO

02/2013 – 12/2014

Assess and treat children, adolescents and adults presenting to the clinic with a wide range of acute and chronic conditions. Common clinical issues include respiratory infections, minor injuries, stress / anxiety, acute adjustment reaction / disorder, insomnia and depression. Conduct health screening examinations, including assessment of past medical history, exercise, and past or present substance abuse (illicit substances, marijuana, tobacco and alcohol use). Teach patients regarding health promotion.

NURSE PRACTITIONER: OCCUPATIONAL HEALTH CLINIC

Children's Hospital Colorado – Aurora, CO

08/2012 - 06/2013

Delivered care to employees of Children's Hospital Colorado. Performed pre-placement exams. Addressed mental health and medical aspects of alleged work-related injuries. Common conditions included needle sticks, sprains, and fractures. Additionally, rendered care for scratches, bites, bruises and other employee injuries resulting from assault by patients. Assessed and facilitated follow-up care for employees affected by acute stress reaction, psychic trauma, anxiety and depression. Worked with employees, departmental managers and human resources professionals to manage medical and behavioral issues that impact worker performance. Facilitated the "return to work" process for employees, including attention to mental health issues related to readiness for duty.

NURSE PRACTITIONER: EMPLOYEE WELLNESS CENTER & OCCUPATIONAL HEALTH CLINIC

Lockheed Martin Corporation – Littleton, CO

04/2011 – 08/2012

Assessed and treated employees with acute illnesses, non-occupational injuries and work-related injuries. Evaluated & documented alleged work-related injuries. Provided initial and follow-up treatment of injuries. Provided case management to optimize health outcomes and control costs. Taught patients regarding health promotion. Delivered individualized health coaching to reduce health risks.

CLINIC DIRECTOR & NURSE PRACTITIONER: INTEGRATED MEDICAL & MENTAL HEALTH SERVICES

Occidental College Emmons Health & Counseling Center – Los Angeles, CA

08/2004 – 02/2007

Evaluated and treated students with episodic illness and acute exacerbations of chronic conditions. Provided reproductive health care, physical exams, vaccinations and health education. Collaborated with co-located Counseling Center and therapists to assess and manage students with acute, newly diagnosed or chronic mental illness. Delivered comprehensive medical and mental health education programs. Revised and maintained health center policies. Designed and implemented staff development resources. Collaborated and coordinated multiple projects and initiatives in partnership with college staff, administrators, faculty, and students. Defined and implemented college-wide health policies.

Other Nurse Practitioner Experience:
