### **PROFESSIONAL EXPERIENCE:**

**Greater New Bedford Community Health Center**, New Bedford, MA

**August 2023 – Present**

*Women's Health Nurse Practitioner*

- Provided primary care services to women ages 18 and older. Visits often addressed routine wellness exams, age-appropriate screenings, problem-oriented visits, hospital follow-ups, and chronic disease management
- Provided gynecologic care, including visits for vaginitis, sexually transmitted infection testing, contraceptive management, pelvic pain, menopause, abnormal uterine bleeding, dysmenorrhea, and early pregnancy management.
- Ordered and analyzed appropriate tests to assist in diagnosis and treatment. Utilized motivational interviewing to create patient-centered plans of care.

**Women's Health Services**, Brookline, MA

**October 2022 – June 2023**

*Recovery Room Nurse*

- Provided care to patients immediately following surgical abortions under local or general anesthesia. Care included monitoring vital signs, administering medications, assessing for complications, and providing emotional support.
- Educated patients on post-procedure care, recovery, and signs of complications.
- Educated patients receiving medical abortions on instructions for medication administration at home, caring for oneself at home, signs of complications, and follow-up instructions.

**Beth Israel Deaconess Medical Center**, Boston, MA

**December 2021 – April 2022**

*Postpartum Clinical Nurse I*

- Managed nursing care following high-risk pregnancies and monitored postpartum individuals and newborns for complications.
- Provided families with emotional support and education on postpartum and newborn care to prepare for safe discharge.
- Provided newborn care, including hepatitis B vaccinations, congenital heart defect screening, metabolic screening, and bilirubin screening. Provided specialized assessments and care to infants with hypoglycemia, hypothermia, hyperbilirubinemia, and neonatal abstinence syndrome when indicated.

**STUDENT NURSE PRACTITIONER PRACTICUM:**

**Planned Parenthood, Manchester, NH**

**January 2023 – May 2023**

*Women's Health Nurse Practitioner Student*

- Assessed patients presenting for reproductive health concerns, including contraceptive counseling, pregnancy termination, and sexually transmitted infections while utilizing a trauma-informed approach. Performed insertion of intrauterine devices (IUDs) and Nexplanon.
- Developed and executed appropriate treatment plans under the direct supervision of a nurse practitioner.

**Bryant University Health Services, Smithfield, RI**

**January 2023 – May 2023**

*Women's Health Nurse Practitioner Student*

- Developed a strong foundation in the assessment, diagnosis, and treatment of common health conditions among college students.
- Encouraged health promotion among students through routine vaccination, contraceptive counseling, and regular screening for sexually transmitted infections. All care was provided under the direct supervision of a nurse practitioner.

**Greater New Bedford Community Health Center, New Bedford, MA**

**May 2022 – January 2023**

*Women's Health Nurse Practitioner Student*

- Assisted in the assessment and treatment of a diverse patient population in a medically underserved community. Visits addressed chronic and acute disease management, contraceptive counseling, and routine wellness care.
- Formulated and presented diagnoses and treatment plans for common conditions including sexually transmitted infections, depression, and anxiety. All care was delivered under direct physician supervision.

**The Women's Center of South Shore Medical Center, Weymouth, MA**

**September 2022 – December 2022**

*Women's Health Nurse Practitioner Student*

- Assessed patients presenting for prenatal care, postpartum visits, routine gynecologic visits, contraceptive counseling, and problem-focused visits. Formulated appropriate diagnoses and treatment plans for each visit, including education, medication management, non-pharmacologic therapies, and follow-up care.
- Assessed fetal wellbeing via non-stress test (NST) interpretation.
- Performed speculum and bimanual pelvic exams, cervical cancer screening, breast cancer screening, and cervical dilation exams. All care was delivered under direct physician supervision.

**VOLUNTEER EXPERIENCE:**

**Help Restore Hope Center, Oneida, NY**

**January 2019 - May 2020**

*Sexual Assault and Domestic Violence Hotline Volunteer*

- Assisted survivors of sexual assault and domestic violence by providing emotional support, assisting in safety planning, and directing them to appropriate resources within the community.

**Colgate University, Hamilton, NY**

**January 2019 - May 2020**

*Haven Ambassador*

- Assessed the needs of sexual assault and domestic violence survivors and directed them to appropriate resources using a trauma-informed approach.

**Global Medical Brigades, Nicaragua**

**April 2018**

*Brigade Student Volunteer*

- Provided gynecological care, routine wellness exams, and medication administration to medically under-served communities in Nicaragua under direct physician supervision.
