Objective:

To secure a challenging position in the field of Cyber Security, utilizing my CompTIA Security+ certificate and current enrollment in the Computer Science program at the University of Maryland.

Education:

- Bachelor of Science in Computer Science, expected May 2024
  University of Maryland, College Park, MD
- A.A of Arts, Business
  Montgomery College, Takoma Park

Certification:

- CompTIA Security+, April 2023

Skills:

- Solid understanding of network security principles and technologies
- Knowledge of cybersecurity frameworks, such as NIST and ISO
- Understanding of encryption, firewalls, and intrusion detection/prevention systems
- Knowledge of virtualization and cloud computing concepts
- Programming skills in Java, Python, and C++
- Familiarity with Linux and Windows operating systems
- Strong problem-solving and analytical skills
- Excellent communication and interpersonal skills
- Ability to work well in a team environment

Experience:

- IT Intern, INSA, Addis Ababa, Ethiopia
  June 2022 - August 2022
  - Worked with the IT team to implement security controls, including firewalls, intrusion detection systems, and antivirus software.
  - Conducted vulnerability assessments and penetration testing of web applications and network systems.
  - Assisted in the development and implementation of incident response procedures.
  - Configured and maintained servers and network devices.

Technical Skills:

- Network security technologies: firewalls, intrusion detection/prevention systems, VPNs, SSL/TLS
- Vulnerability assessment and penetration testing tools: Nmap, Metasploit, Burp Suite, Wireshark
- Virtualization and cloud computing: VMware, AWS, Azure
