

Allen Rachelle P. Maldonado,RMT,MLS(ASCP)ⁱCM

Armed Forces Hospitals Southern Region

Military Housing 1, Khamis Mushait, Asir Region, KSA 61961

Whatsapp/Viber: (+966) 504200919

Email: allen.maldonado23@gmail.com

Objectives:

- To obtain a Medical Laboratory Scientist position so I can utilize my extensive skills and experience in the performance of various laboratory tests.
- To become part of a highly competitive institution from which I could enhance my proficiency and effectiveness through a lifelong career.

Profile:

- Well-experienced, more than 6 years of experience serving diverse population
- American Society for Clinical Pathology (ASCP) certified
- CGFNS-ICHP (Visa Screen) certified
- Computer literate (MS Word, Excel, PowerPoint)
- Phlebotomy and multitasking skills
- Team player, flexible and easily adapts to changes

Education:

- **Bachelor of Science in Medical Technology**
Far Eastern University, Manila, Philippines
June 2010-March 2011
Calayan Educational Foundation Inc., Lucena City, Philippines
June 2011-April 2015

Licensure:

- **American Society for Clinical Pathology BOC, Medical Laboratory Scientist**
Certificate No: 15921
Date of Issue: June 2022
Date of Expiry: June 2025
- **CGFNS-ICHP Visa Screen Certification, Clinical Laboratory Scientist**
Certificate No.: 8293850
Date of Issue: February 2023
Date of Expiry: February 2028
- **Philippine Board of Medical Technology, Registered Medical Technologist**
PRC License No. 0072502
Date of Issue: April 2016
Valid Until: October 2025

- **Saudi Commission for Health Specialties, Medical Laboratory Scientific Officer**
Date of Issue: October 2020
Valid Until: October 2024

Work Experience:

 **Armed Forces Hospital Southern Region
Khamis Mushait, KSA, 61961**

- A tertiary military government hospital accredited by JCI, CBAHI, AABB, CAP
Medical Laboratory Scientific Officer/ Generalist Medical Technologist
June 15, 2018 – Present

Job Responsibilities

- Performs various simple, moderate and high-complexity tests in different departments
- Analyzes blood cells by counting and identifying cells using microscopic techniques and procedures
- Maintains quality results by running standards and controls, verifying equipment function through routine equipment maintenance and advanced trouble shooting; calibrating equipment utilizing approved testing procedures; monitoring quality control measures and protocols
- Perform & maintain records of QC procedures related to reagent, kits & equipments
- Perform proficiency samples such as CAP to ensure quality and accuracy of machines and results.
- Maintain and troubleshoot equipments as well as report any issues accordingly
- Validates Quality Control lot number changes
- Ensures the optimum levels of supplies to provide uninterrupted services
- Demonstrates knowledge of testing processes which includes donor screening, blood grouping, antibody screening, crossmatching, IH testing, TTI screening
- Organize work by matching blood requests with test tube labeling; sorting samples; checking labeling; logging samples; cross matching and reserving units ready for issue.
- Investigating abnormalities such as hemolytic diseases of the newborn, haemolytic anemias and adverse reactions to transfusion
- Prepares blood components from Whole Blood to Packed Red Cells, Platelet Concentrates, Cryoprecipitate, FFP and Factor Concentrate

 **Lucena MMG General Hospital
Lucena City, Philippines, 4301**

- Tertiary Hospital
Generalist/ Rotating Medical Technologist I
May 2, 2016 - June 15, 2018

Job Responsibilities

- Performed all laboratory procedures in Chemistry, Hematology, Microscopy, Bacteriology and Blood Bank Sections.
- Determines normal and abnormal components of body fluids by conducting chemical analyses of blood, urine and other body fluids

- Analyzes blood cells by counting and identifying cells using microscopic techniques and procedures
- Prepares blood, plasma and platelets for transfusion by conducting blood group, type and compatibility tests or cross matching.
- Isolate and makes cultures of bacteria and other microorganism in a prescribe media, indentify and examine physiological, morphological and cultural characteristics of each microorganisms, including different Media and Broth preparation.
- Ensure operation analyzer and laboratory equipment by calibrating, completing preventive maintenance requirements, troubleshooting malfunctions, calling for repairs, maintaining equipment inventories and evaluating new equipments and techniques
- Maintains laboratory supplies inventory by checking stock to determine inventory level, anticipating needed supplies and placing orders for supplies
- Collecting blood samples from various patients during rotation in phlebotomy department

 **San Pablo Colleges Medical Center (SPCMC)**
San Pablo Laguna, Philippines, 4000
 - Tertiary Hospital
Phlebotomist
 September 7, 2015-November 30, 2015

Job Responsibilities

- Verifies test requisition before extracting sample
- Collecting blood samples from diverse patients with proper patient identification prior to performing venipuncture or fingerstick
- Proper labeling of test tubes with patients full name including date of birth, date and time of collection
- Maintaining samples integrity by using aseptic techniques and proper transport of specimens to the laboratory
- Maintain cleanliness and supplies at the outpatient department area

Machines Handled:

- Vitros 350; 5600
- Cobas c311; c111; Integra
- Beckman Coulter Unicel DxC 800; Unicel DxI 800; AU700; AU5800
- Sysmex XE5000; XS 1000i; CA-600
- Abbott Alinity C; Alinity I
- Biorad D10; IDS-iSYS
- Architect c4000
- Diamed ID
- Seimens RapidLab 1200; DCA Vantage; Clinitek Status
- BioMerieux Bact/Alert 3D; Vitek 2 Compact; MiniVidas

Seminars and Trainings:

- **National Health Care Provider Solutions (Basic Life Support)**
Date of Issue 28 September 2022
Valid Until 28 September 2024
- **AFHSR Pathology Day Seminar**
Armed Forces Hospital Southern Region, Khamis Mushait, KSA (December 2022)
- **21st Pan Arab Cancer Congress (AMAAC)**
Jeddah, KSA (March 2022)
- **PAMET: 57TH PAMET Annual Convention: Solidarity towards International Recognition PAMET Community in Unity.**
Manila, Philippines (December 2021)
- **2018 Quality Week** “Quality and Patient Safety through Accreditation, an Excellent Motivation”
Armed Forces Hospital Southern Region, Khamis Mushait, KSA (April 2019)
- **AFHSR Pathology Symposium**
Armed Forces Hospital Southern Region, Khamis Mushait, KSA (March 2019)
