# Kylie Stewart

MSN, APRN, FNP-C

## SUMMARY

---

Compassionate, experienced nurse with over 10 years of experience transitioning to Nurse Practitioner. Capable of providing holistic chronic or acute care for patients across the lifespan in a hospital or clinic setting. Practicum experience in outpatient family care. Nursing specialty experience in inpatient and outpatient cardiology, cardiac rehab, non-invasive cardiology procedures, electrophysiology, and emergency/trauma. An APRN who is eager to join the company as a Nurse Practitioner to further my experience and maximize my skills. Dedicated to providing patient-centered care, with skills:

- Proficient experience in patient assessment, determining diagnosis, diagnostic tests ordering and interpretation, medication prescribing, and collaborating with a healthcare team
- Exceptional management skills, especially in a fast-paced healthcare environment, with great communication and computer skills.
