Rajkiya Engineering College Bijnor Chandpur, Bijnor

08/2017 - 08/2021 79.73 %

Course

- B.tech (Information Technology)

Kisan Int College Gotka Meerut Gotka, Meerut

08/2015 - 05/2016 86.8 %

Course

- 12th (Science)

PROJECTS

Working on Meter Reading SDK (05/2023 - Present)

- I am working on making an Android SDK for extracting meter readings from electricity meters after capturing images. to develop this application I am using Custom Object Detection (ML) model technique
- Tensorflow lite library. Java
- Open CV

CentreWeighment Application

- Working of this application is sugar cane management for Sugar mill. to develop this application we are using Java, SQLite Database, Volley

Attendance Management Application

- Using this application we can manage our employee attendance. to develop this application I have used Kotlin, Room Database, Mvvm Pattern, Retrofit

Previous company projects (11/2021 - 07/2022)

- I have successfully- completed these projects in my last company, NP Recharge App, With the help of this we can transfer money from India to Nepal.
- Grocery App, with this app we can buy some Ayurvedic Products.

Home Automate Android App (12/2020 - 05/2021)

- With the help of this application, we can monitor and control home appliances like(Fans, Lights, Water Level, AC, etc..)
- Technology (IoT, Firebase, Android Application, NodeMcu Esp8266).

Notes Taking Android App (08/2021 - 08/2021)

- In this application, we use a room database with live data. with this application, we can take notes at any time.
- Technology (Core Java, Android IDE, Room Database)

SKILLS

Java

Android app development

Data structure and algorithm

Android Studio

SQLite

Github

.Net C#

API

Backend (SQL)

Firebase

Bitbucket

Google Play Console

Android SDK

Google Map SDK

Mapbox SDK

MVVM

MVC

Kotlin

Room Database

Volley

Retrofit

Rest API

Json

ACHIEVEMENTS

MKTextView Library

I have created my own library for text size means text size will be constant even if you decrease or increase your Android device (Phone) text size manually from the phone setting. that setting will not make any effect on our application UI.

EXPERIENCE

SISL(Sai Infotech System Ltd.) (07/2022 - Present)

I am working here as a full-stack developer in the Android app development domain. I made Android Applications here using Java, and Kotlin for the backend I am using .Net, and SQL.

Innovatia - Digital Marketing | Web Development | App Development (11/2021 - 07/2022)

I had successfully -completed 8 months in Innovatia. I had worked as an Android Developer. I know the app release life cycle. How to integrate payment gateway (like Payumoney, Razorpay or invoke UPI apps, etc..). I have knowledge about Bitbucket and Github (how to manage code on VCS).

Three months of Internship (08/2021 - 11/2021)

I had successfully completed my three months internship in IOTFY Solution Pvt. Ltd. I worked there as an Android Developer
