PROJECTS

Project Name: Enzyme Database Tool

Role: Project leader **Team Size:** 1 **Project Duration:** 1 Month

Project Detail The use of computerization system provides advantages over manual work in many areas. Maintain database for all enzymes information. Beneficial for researchers as well as enzymes experts for to identify the different types of enzymes on enzymes with different enzymes structures. It reduces manual errors in data analysis. It is very important data mining techniques for researchers because it reduces time which is required for enzymes information. The software reduces all the paper work. It reduces manpower and man dependent task.

Project Name: Inventory Management System

Project Name: Dj Management System
