**Veterans Health Administration**

San Antonio, Texas

To whom it may concern,

I am writing to express my strong interest in the psychologist positions. As a recent graduate from the University of Alabama with a Bachelor of Arts in Psychology and experience working with individuals with disabilities, I am confident in my ability to fulfill the responsibilities of this position.

In my current role as a Case Manager at Greater Cincinnati Behavioral Health Services, I have gained valuable experience in assisting clients with applying for various resources available to them, including medical insurance, social security income, food stamps, and housing vouchers. Additionally, I am the jail representative for my team as well as a mentor for the incoming trainees for my company and the liaison between my team and Excel Housing Development. My interpersonal skills, organization, and communication have enabled me to maintain positive relationships with clients and colleagues.

I believe that my experience working with individuals with disabilities, combined with my skills in communication, organization, and problem-solving, make me an excellent candidate for this position.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

**Lahrenn Thibodeau**
