## **Career Mission Statement**

To act as an advanced nurse practitioner experienced in rendering thoughtful, compassionate and skilled care to all patients. Act as an advocate for patients, and initiate delivery of exceptional care. Maintain open lines of communication between with family and professional team. Goal: to enhance quality and continuity of care for every patient.

**Note:** I have made a personal commitment always to seek employment in underserved areas. I grew up in such an area. I have also learned Spanish, so that I can be useful in serving non-English speaking patients.

**Language**

English, functional Spanish
