Healthcare Experience

2019 - 2021 **Yale New Haven Hospital** New Haven, CT
Emergency Department Technical Associate

- Collaborated closely with the interdisciplinary team during medical emergencies, providing immediate assistance and performing life-saving interventions as directed.
- Responded promptly to patient calls for assistance, prioritizing and managing multiple tasks simultaneously in high-stress situations.
- Monitored and restocked emergency department supplies so that essential equipment and materials were readily available for efficient patient care.
- Performed routine maintenance and quality checks on medical equipment for proper functioning.
- Communicated effectively with patients and their families, offering reassurance, answering questions, and providing emotional support during their emergency department stay.
- Collaborated with the healthcare team to ensure clear communication and coordination of care, enhancing the overall patient experience.
- Accurately documented patient information and procedure details in electronic medical record (Epic).

2018 - 2021 **American Medical Response** New Haven, CT
Emergency Medical Technician (EMT)

- Responded to emergency calls, providing immediate medical care and stabilization to patients in life-threatening situations.
- Assessed patients' conditions, obtained vital signs, and conducted thorough patient interviews to gather critical information for accurate treatment and transport decisions.
- Administered appropriate medical interventions, including cardiopulmonary resuscitation (CPR), airway management, splinting, hemorrhage control, and medication administration.
- Communicated effectively with dispatchers, fellow EMTs, paramedics, and other healthcare professionals to ensure seamless coordination and continuity of care.
- Documented accurate and comprehensive patient information, treatment provided, and transport details for thorough medical records and billing purposes.
- Participated in ongoing training and education programs to enhance skills and stay updated on the latest emergency medical protocols and procedures.

- 2019 - 2020 **Scribe America – NYU Winthrop General Pediatrics** Mineola, NY
Medical Scribe
- Documentation of medical history, physical exam, diagnosis, prescriptions, and follow-up instructions in the electronic medical record (Epic)
- 2017 - 2021 **North Branford Fire Department** North Branford, CT
Emergency Medical Technician (EMT)
- 911 response and transport of critical patients to the hospital
 - Addressing acute care needs of the patient and helping the ALS provider
 - Thorough documentation of encounter in electronic medical record (ESO)
