PROJECTS:

1. Business Website | 2021

- Developed a fully responsive website using **HTML, CSS, and JavaScript**.
- Implemented engaging animations using the AOS library to enhance the user experience.
- Website is live and can be accessed at: <https://snesh07.github.io/Business-Website/>

2. Snake Game | 2021

- Created a Snake game website using **HTML, CSS, and JavaScript**.
- Implemented arrow key controls for the snake's movements, providing an interactive gaming experience with gaming sounds and animations to enhance the gameplay.
- Experience the classic game with an immersive and engaging interface.
- The website is live and can be accessed at: <https://snesh07.github.io/My-Snake-Game/>

3. Todo React-app | 2022

- Built a responsive to-do list app using **React.js and Node.js**.
- Designed an attractive user interface for an enjoyable and visually appealing experience.
- Users can easily add and remove items from their scheduled list, making task management effortless.
- Ideal for staying organized and keeping track of tasks, whether at home or on the go.

4. Google Keep Clone | 09/2022

- Developed an attractive Google Keep clone using **React and Node.js**.
- User-friendly interface for adding and deleting notes effortlessly.
- Seamless and interactive note-taking experience leveraging React's powerful components.

5. Filmeet (Major-Project) | Present

- Developed an innovative real-time live lobby feature for the OTT platform Filmeet.
- Created the feature from scratch using **React, API, Firebase, Agora, WebRTC, and Node.js**.
- Stayed at the forefront of emerging technologies and acquired valuable skills in project management, problem-solving, and collaboration.
- Contributed to the success of the OTT platform by implementing this cutting-edge feature.

EXPERIENCE:

Campus Ambassador | Prutor IIT Kanpur | 2021

- Actively engaged with students, organizing and executing events to raise awareness about Prutor IIT Kanpur's offerings.

Diftree Realty Pvt. Ltd. | Web Developer | 06/2022 – 12/2022

- Designed and developed a real estate company's website from scratch using **React, Node.js, and AOS animation library**.
- Implemented features using **Arrays, Hooks, Maps, Axios, Redux, and AWS** for seamless functionality and high uptime.
- Collaborated closely with cross-functional teams, enhancing skills in project management, problem-solving, and teamwork.
- Contributed to the success of the company and gained valuable experience as a web developer.
