EXPERIENCE

Visiting Angels, Doylestown PA

Caregiver

October 2020- Present

Provide assistance to individuals in the homecare setting.

Dermatology and Mohs, Doylestown PA

Surgical Assistant

August 2017-October 2020

Assisted Mohs surgeons with procedures such as skin biopsies and skin cancer excision surgeries, and Mohs staged surgical procedures. Maintained accurate records during each stage of the Mohs surgical process, to include pictures and measurements. Maintained and updated biopsy pathology specimen book, and relayed results to patients in a timely manner. Refilled prescriptions when requested. Helped physicians examine and treat patients by assisting with instruments, injections and suture removal. Cleaned and sterilized instruments and disposed of contaminated supplies. Recorded patients' medical history, vital statistics and test results in medical records. Escorted patients to examination rooms, and prepared them for physician exams. Instructed patients on proper discharge care.

PowerBack, Willow Grove PA

Registered Nurse, Supervisor

January 2016 - July 2017

Organized, updated and maintained patient charts. Interviewed patients to obtain medical information. Evaluated accuracy and compliance of all documentation and reports. Evaluated patient care procedural changes for effectiveness. Monitored patients with acute conditions for changes, improvements or need for intervention. Provided necessary health education training for patients. Evaluated nursing notes to confirm accuracy of described care provided. Completed daily rounds of the nursing department to verify that all nursing service personnel were performing work assignments in accordance with acceptable nursing standards.
