WORK EXPERIENCE

● Web Manager

DIGITAL GRID

09/2018 - Present

I served as a Web Developer, SEO specialist, and content writer. I excelled in creating visually appealing websites, optimizing them for search engines, and producing engaging content. By seamlessly integrating these skills, I provided comprehensive digital solutions that drove client success.

● Web Manager

THINK DIGIADS

02/2020 - Present

At Think DigiAds, I held a versatile role as a Web Developer, SEO specialist, and content writer. I excelled in creating visually appealing websites, optimizing them for search engines, and crafting engaging content for various digital channels. By seamlessly integrating these skills, I delivered comprehensive digital solutions that drove business growth and exceeded client expectations.

● Web Developer

DIGITAL INTERACTIVE MEDIA

04/2017 - 11/2019

As a Web Developer at Digital Interactive Media, I excelled in creating captivating and user-friendly websites. I collaborated with clients, translated design concepts into functional interfaces, and implemented cutting-edge features.

● Website Content Administrator.

KAYON ONLINE SHOPPING

05/2015 - 02/2017

I played a crucial part in ensuring the accuracy, relevance, and overall quality of the website content. I was responsible for managing and updating product information, images, descriptions, and pricing, ensuring that all details were accurate and aligned with the company's standards. Working closely with the marketing and product teams, I maintained a systematic approach to organize and categorize products, optimizing their visibility and accessibility for customers.
