ABOUT ME

A professional web developer and web designer, specialized in HTML, CSS and JavaScript. I can create a custom made website, integrate APIs and payment gateways. I also design E-commerce websites for those looking to take their e-commerce business on the web. And all are SEO optimized making them easier to rank on Google web.

WORK EXPERIENCE

Lead Lynx

Entry level | Web Designer
Oklahoma , United Kingdom
2022-06-01 | 2022-07-01

I was contracted to build a website for the lead Lynx industry. I built the website in 1 week and reported back to the and I was paid \$700. It was an amazing experience and I got to build my first website as a freelancer and I was also referred to another client which got me my second work.
