

Loren-Ashlee Carter, MSN, CNM, RNC

Hi there! My name is Loren-Ashlee Carter; I am a LD nurse of 9 years, and a newly certified CNM seeking an opportunity to establish myself in the sacred profession that is midwifery. I am genuinely passionate about honoring the unique experiences that come with the many seasons of one's reproductive life and beyond. I believe in community, advocacy, self-determination, partnership and holding space for birth-givers and their families. Thank you for your consideration in developing the next generation of CNMs. Below is information about my clinical experiences and practices as an LD RN. I look forward to beginning this long-awaited journey along with you all!
