

Nikhil Garg — SOFTWARE ENGINEER

F-204 Neelpadam Kunj, Vaishali GZB, 201010

+91 9871170625 • nikhil.garg43@gmail.com • [nikkuboi](#)

MY SKILLS

Programming languages.....

Familiar with implementation of Data Structures

Can do Time & Space complexity analysis algorithms

- C
- Python
- HTML
- CSS
- JavaScript

Frameworks and Libraries.....

- Git
- Bootstrap
- React
- Three.js

CERTIFICATIONS

Web App Development:

JavaScript:

Python:

EDUCATIONAL BACKGROUND

Delhi Public School Indirapuram

Certificate of Secondary Higher Education - Science

2019

Indraprastha Engineering College

Bachelor of Technology in Computer Science

CGPA - 7.4

2023

PROJECTS

THREE.JS - 3DTEXT: <https://nifty-payne-a958cb.netlify.app/>

- Identified the components and layout structure and used HTML and CSS to create the necessary elements, containers, and styles. Implemented 3D Text Effect.

Haunted House: <https://cocky-saha-8b940c.netlify.app/>

- A 3D-Web Experience to practice lights and shadows in Three.js.

Galaxy Generator: <https://awesome-blackwell-c64ffe.netlify.app/>

- Installed Three.js and its dependencies and set up a basic web development environment with HTML, CSS, and JavaScript. Created a Three.js scene and set up a camera and renderer.

Tours & Travels Website: <https://harmonious-beijinho-cb2fda.netlify.app>

- In the project, specific attention was given to the visual elements and aesthetics of the website.

Tik Tak Toe Game:

- Personal project to get hands-on experience in Python concepts.

Smart Bus Tracking Portal: <https://busatyourtips.vercel.app/login>

- Made the website using the following frameworks and libraries: React, Typescript, Redux, Nodejs, and PostgreSQL.
