Cover Letter

I am writing to express my interests to be part of your organization as a Family Nurse Practitioner, Board Certified, a graduate of Chamberlain University. I have a great passion in my profession and would like to join your team to work together to respond to the growing needs of health care delivery at all levels. A passion for helping people is what drives me, and listed below are my professional objectives: -

- To respond to health care needs of patients at all levels.
- To integrate my learnt professional knowledge, clinical experiences, and ethical principles to offer health care to patients at an advanced level.
- To practice the roles of advanced care provider with passion and commitment to delivering excellent and quality outcomes.
- To participate in healthy policy development process for continued improvement of health care systems.

My main role as a family Nurse Practitioner is to take care of patients. I have great interests in my work and below are some of them.

- To become an integral part of the professional growth of healthcare in the future.
- To work in acute and primary care with high patient turnover since I have an experience that has build-up my interest in these areas.

- To be charge of my team when needed and pioneering teamwork to deliver the top-best quality outcomes.

Through the gained knowledge back in college, graduate school and experiences gained during my clinical rotations, former workplace, which serves as a navigator to gaining several strengths as highlighted below.

- I have exceptionally good assessment skills to diagnose patient's common and complex illnesses by evaluating patients' symptoms through thorough history taking, physical examination, and treatment using clinical practice guidelines.
- I have exceptional EKG interpretation skills, X-Ray interpretation skills, Fracture care and management, wound evaluation, and treatment.
- Great computer skills with Cerner/Med Connect, EPIC, Point Click Care, communication skills both oral and written, and can work under pressure.

After reviewing my personal objectives, interests, and strengths, I hope you will consider me for a family nurse practitioner position in your organization. I believe I am the ideal candidate you are looking for and given the opportunity I will prove you right. Below is a resume that gives further details on my qualifications. Kindly, let me know your decision as soon as possible, so we can arrange on the convenient time of meeting so that I can elaborate more about my experiences. Thanks in advance.
