inDepth Interview

Interviewer:	Brittany Rosario	Interview Date:	11/8/2022
Interview Modified:	11/8/2022		

Doctor Rashid is seeking a new position and would ideally be a mix of clinical and hospital based work. He wants a position where he has the option of performing surgery if he wants to, because some job positions are strictly non-surgical. His ideal schedule would be 9-5, he

does not have a preference on being hospital employed vs private practice, he just wants to be somewhere where Podiatrists are respected. He states that he is looking forward to starting a new position and to be able to grow and expand his career. He lists: Kareo, Meditech, eClinicalWorks, Epic, and AllScripts as his most familiar EMR's. He states that his professional interests within his field are: Diabetic Foot Ulcers and Trauma. He states that the qualities and attributes that have best served or even defined him as a physician are that he actually cares about the results of his work. In regards to an in-person interview, Doctor Rashid states that he would need a notice as soon as possible and it would need to be reasonable for him to adjust his schedule.
