PROFESSIONAL EXPERIENCE

Registered Nurse, SSN-FIT | Loma Linda Medical Center | Loma Linda, CA | 2019 – Present

Practice flexibility and accepts assignments where needed, using independent judgment to prioritize, coordinate, provide and document direct quality patient-centered care in a fast-paced environment.

- Perform in skills mix environment while working with non-nursing staff to provide care within scope of practice. Applies theoretical concepts and shows self-motivation to continually expand knowledge base and clinical skills.

Registered Nurse, Float-RN Traveler | Kaiser Permanente | Fontana, CA 2017-2019

Perform as a team member who is flexible, cooperative, with a willingness to assist others.

- Remained flexible with changing systems while demonstrating quality and effectiveness in work and clinical practice.
- Participate in problem identification and resolution.

Registered Nurse, Cardiac Step Down | Greater Baltimore Medical Center | Towson, MD 2015-2017

Participated in a 12-month residency program including monthly critical care courses to incorporate evidence-based practice into patient care.

- Completed a performance improvement project related to the Cardiac Step-Down unit
