## **EDUCATION**

---

Barry University School of Podiatric Medicine, Miami FL

**Doctor of Podiatric Medicine**

Florida International University, Miami FL

**Master's of Public Health in Epidemiology & Biostatistics**

University of Florida, Gainesville, FL

**Bachelor of Science**, Cum Laude

Major: Health Education and Behavior

## **LICENSES & CERTIFICATIONS**

---

NBPME Part III Licensure Examination Passing score	2021
New York Department of State DPM License	2022 – Pending
American Board of Foot and Ankle Surgery (ABFAS)	Pending
American Board of Podiatric Medicine (ABPM)	Pending
Advanced Cardiac / Basic Life Support	2021 – Present

## **ADVANCED TRAINING WORKSHOPS**

---

Acumed Elite Advanced DPM Hindfoot & Ankle Course May 2022  
OsteoMed Advance Forefoot & Hindfoot Course June 2021  
Tri-State Biologics Foot & Ankle Innovation Workshop

## **PROFESSIONAL AFFILIATIONS**

---

American College of Foot and Ankle Surgeons, Member 2018-Present  
American Podiatric Medical Association, Member 2018-Present

## **LANGUAGE & Skills**

---

English , Haitian Creole Native/Fluent  
Computer Software Efficient: SPSS, SAS

## **PUBLICATIONS & PRESENTATIONS**

---

## **Professional Experience**

---

**Research Analyst**; Miami, Florida

February 2013 – August 2015

*Florida International University Herbert Wertheim College of Medicine: Depart. Medical & Health Sciences Research*

- Provided support for the Epidemiology and Biostatistics teams on the design, planning and implementation of community-based epidemiological surveillance and research studies in underserved populations in Miami, Florida.
- Supported activities related to data management such as: entering, cleaning, and organizing data to develop appropriate databases for the FIUCOM.
- Actively participated in hands-on data collection in the community as well as supporting other collaborative research activities in Miami-Dade County.
- Supported faculty in the development, maintenance, and communication of guidelines and other documents needed for the summer research methods scholarship course.
- Provided tracking for each student curricular research projects and updates. The activities included changes and updates to the research syllabus; contractual documents between students, mentors, and course officials.
- Supported in the tracking and changes on IRB processes, protocols and abstracts.
- Coordinated data analysis requirements; updates of accomplishment of research steps; guidelines on appropriate research methodologies; developed tools to monitor accepted research project implementation and completion.
- Provided tracking and administrative oversight for the Saudi student curricular research activities and kept track of them to communicate to faculty about pending actions.
- Performed meta-analysis, wrote reports, reviewed several grant proposals and presented research projects.
- Supported in the writing of manuscripts.

**Research Assistant**; Miami, Florida

October 2009 – July 2013

*Florida International University Herbert Wertheim College of Medicine: Depart. Medical & Health Sciences Research*

- Supported in the implementation of epidemiological research studies in the under-served populations in Miami, Florida.
- Administer verbal interviews in English or Creole with local residents in their homes to assess the health and social determinants for research studies including households in the Miami Gardens/Opa-Locka communities, NeighborhoodHelp program, Little Haiti and South Miami project.
- Wrote, documented and/or recorded responses of the participants with accuracy. Reviewed finished survey questionnaires for completeness and proper form.
- Supported in managing data analysis and in developing access databases.
- Perform meta-analysis and reviews for several grant proposals.
- Supported in the writing of manuscripts.
