inDepth Interview

Interviewer: Jo Anne Interview Date: 6/29/2022
 Rootes
 Interview: 6/29/2022
 Modified:

Initial contact with Ms. Teresia Johnson:

Ms. Johnson is a nurse practitioner interested in full-time opportunities, beginning in August. Ms. Johnson is currently a board certified nurse practitioner.

At this point in her job search, Ms. Johnson is interested in hospital employed opportunities, but will not shun from private practice setting.

Ms. Johnson will be bringing to the table listening skills, empathy, patience that is needed when working working with mental health patients. As a new graduate in PMHNP from a reputable university of Texas Arlington, she was well prepared and equipped with

knowledge for her new role. Ms. Johnson would like to mention that she has worked in psychiatry nursing for 6+ years, this has given her confidence, and she is passionate about what she does. Ms. Johnson is currently actively pursuing an opportunity to practice and enhance her skills. If given an opportunity she is looking forward to serving her patients by meeting their mental health needs as best as she can. As for professional interests, currently Ms. Johnson is looking to gain experience and becoming comfortable in prescribing, diagnosing, and in the future pursue a doctorate.

A deal breaker would be a heavy case load that would be time constraint to a point where Ms. Johnson feels she is not giving the best of her to her patients.

She is experienced with the following EMRs:

- Epic

She is flexible in terms of schedule.

Ms. Johnson is ready to begin interviewing with employers and is usually free on Mondays, a notice day before to meet would be ideal. She is open to meet other days preferably morning hours, CST. She is available for preliminary interviews via Zoom and welcomes contact from potential employers via phone or email.
