## Curriculum Vitae

**Certification/Licensure**

ACLS Certified, 07/30/2023

**State Licenses**

Ohio, Temporary or Limited, Exp. Date: 06/2024

**Resident preceptor**

Cleveland Clinic	06/2023 - Present
Education/training	Cleveland, OH

-Worked with and mentored ~10 medical students mainly from Cleveland Clinic Lerner college of medicine, Case western university medical school. Was recognized as outstanding preceptors with Outstanding Educator Recognition 2023, given to top 10% of senior residents in our internal medicine class.

-Presented at academic half-day lectures for junior residents regarding various topics in ambulatory setting. Was honored with Cleveland Clinic Senior resident of the Month, December 2022 for outstanding education for interns

Most Meaningful - I have been privileged with opportunities to work with young aspiring physicians and medical students throughout my residency. I truly enjoyed and found it rewarding to teach medical students during the rotation, and honored with Educator award and Senior resident of the month award.

**Subintern**

Mass General Hospital	01/2018 - 02/2018
Education/training	Boston, MA

- Participated in a 4-week sub-internship rotation that combined inpatient and outpatient experiences in the pediatric gastroenterology and nutrition department.

- Took care of 3-4 patients on the inpatient unit from intake in the emergency department to hospital discharge.

- Performed thorough primary assessments of patients in the outpatient clinic, discussed treatment and monitoring plans with attending physicians, and completed visit documentation. (average 6 to 8 per day)

Most Meaningful - Dr. Fasano was my mentor and a role model who taught me the value of empowering the patient and family. I was inspired by how he engaged himself with his patients in a friendly, humorous, and also encouraged me to come to US for training. I am forever grateful for his mentorship.

**General Practitioner**

Samsung Medical Center	09/2020 - 11/2020
Work	Seoul, Korea (The Republic of)

- Work as a full-time primary care physician for Samsung employees, including only English-speaking employees.

- Examine, diagnose, and treat an average of 60-80 patients per day with a variety of chronic and acute cardiovascular, metabolic, dermatologic, and musculoskeletal conditions in Korean or English.

- Devise comprehensive follow-up monitoring plans to assess treatment effects and toxicity for patients.

- Evaluate patients for symptoms of COVID-19 and refer to testing centers if appropriate.

## Curriculum Vitae

**Physician**

Hanmiin Dermatology 01/2020 - 03/2020  
 Work Seoul, Korea (The Republic of)

- Worked as a full-time physician at an urban dermatology clinic in Gangnam, taking care of 40-50 patients per day.
- Examined, diagnosed, and treated common dermatological conditions, including acne, rosacea, vitiligo, onychomycosis, and warts.
- Performed dermatologic procedures, including Nd:Yag, Co2, Alexandrite laser, Non-surgical ultrasonic wave skin lifting, and Botox injections.

**Nocturnist**

Dowha Geriatric Hospital 02/2019 - 12/2019  
 Work Seoul, Korea (The Republic of)

- Worked as an on-call physician on nights and holidays in a suburban 240-bed hospital. The average caseload was 20 patients per day.
- Responded to medical code blues and all emergencies in the hospital during on-call. Managed conditions such as myocardial infarctions, sepsis, head traumas, and transferred patients to tertiary care when appropriate.
- Performed clinical procedures including endotracheal intubation and tracheostomy tube management.

**Vice president of Scholar Team**

Asian Medical Student Association International, Melbourne, Australia 09/2016 - 08/2017  
 Other extracurricular activity, club, hobby Seoul, Korea (The Republic of)

- Led the scientific research project "Composite analysis of factors in relation to climate change that leads to malaria occurrences in South Korea" as the vice president of the Scholar Team of AMSA and presented the research poster.
- Planned and orchestrated a one-week annual conference in Korea for 250+ international medical students to improve cross-cultural education and communication skills in future doctors.
- Attended an annual Asian Medical Students' Conference with medical students in Melbourne to discuss medical research and learn about medicine in the different countries of the Asia-Pacific region.

**Volunteer campaigner**

Korean Organ Donation Agency 07/2016 - 07/2016  
 Volunteer/service/advocacy Seoul, Korea (The Republic of)

- Collaborated with the Korean organ donation agency and medical students to promote the altruistic act of organ donation during the 2-week project. - Executed a campaign to raise public awareness of organ donation and encourage organ donation. 100+ people joined the organ donation movement and registered to become organ donors.

**Student Doctor**

Ewool Clinic, Seoul National University - Ewha University Medical school 02/2015 - 02/2018  
 Volunteer/service/advocacy Seoul / Pyeongchang, Korea (The Republic of)

- Set up free medical clinics with village heads in rural Pyeongchang every summer to provide medical services to those communities. - Provided a variety of medical services and treatments under supervision to an average of 150 patients per day in Seoul weekly.
- Evaluated and examined patients with medical conditions such as hypertension, diabetes, respiratory and gastrointestinal infections. - Administered vaccines, intravenous hydration, and steroid injections when appropriate under supervision.
- Organized a successful charity auction with raffles, games, and prizes to raise funds and supplies for free clinics.

**Volunteer translator**

Severance Hospital, International medical center 07/2013 - 02/2014  
 Volunteer/service/advocacy Seoul, Korea (The Republic of)

## Curriculum Vitae

**Volunteer translator**

- Served as an English medical translator for international patients in Korea.
- Explained to patients in English a wide range of medical diagnoses, treatment options, and obtained informed consent.
- Performed symptom assessments and conducted patient interviews for international patients under supervision. (average 10 patients per day)

**Volunteer teacher**

Seodaemun Welfare Center

09/2010 - 01/2011

Volunteer/service/advocacy

Seoul, Korea (The Republic of)

- Assigned individualized tasks to teenagers with autism spectrum disorders and assessed their social and manual functioning.
- Explained the assessments and severity of social skills and repetitive behaviors to parents of teenagers with autism spectrum disorders.
- Organized different baking and barista classes for teenagers with autism spectrum disorders to enhance their emotional and social adaptation skills.
